Our specialty Farmstead Eggs are produced by pastured hens. They are fed organic feed in addition to their foraging on certified organic farmstead. These beautiful, full size brown eggs have deep golden yolks and are naturally rich in Omega 3 fatty acids.

Thank you for joining with our family farm. We hope you enjoy our food as much as we do.
We are a grass-based farm applying organic management for the benefit of the consumer, the animals,
the farm, and the environment.

Again, Thank You,
